

Ventilator

## TEMPEST – R045-01

incl. 1x SMD, 1W · 1x 100lm, 6500K

- **Switch**
- **Separately switchable**
- **USB connection**
- **Rechargeable battery operated**
- **IP20**
- **Fan**
- **3 modes of speed**
- **Tiltable**
- **Not dimmable**

Table fans are flexible helpers, especially on unexpectedly hot days. The TEMPEST fan can be put into operation immediately without any complicated installation - simply charge it via the USB-C port and enjoy the cooling effect anywhere thanks to the battery operation. Alternatively, the fan can be hung anywhere where a refreshing breeze is needed thanks to the hook on the body. The three speed levels and the option to tilt the body as required make the TEMPEST a must-have for everyday use. Independently of the fan function, a light ring can be switched on separately as a light source. The colour combination of white and black is neutral and blends unobtrusively into any desk environment. The luminaire also features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen light sources, up to 80% of energy costs can be saved. With LED light sources, you also benefit from a long service life and low heat generation while protecting the environment.

### Material construction

Plastic · White

### Product dimensions

Width: 20cm  
Height: 24cm  
Depth: 15cm  
Weight: 0,8kg

### Technical data

Light source: SMD – LED (integrated)  
Watt: 1W  
Lumen: 1x 100lm  
Kelvin: 6500K  
Color rendering (CRI): > 80 CRI  
Lifetime: 25000H  
Switching cycles: 15000x ON/OFF
