

Table lamp

TABA – R50521079

excl. 1x E27 · max. 60W

- **Cable switch**
- **IP20**
- **Lamp(s) not included**

The TABA ceramic table lamp combines modern design with contemporary colour combinations, making it a real gem. The table lamp conjures up the right lighting mood for every style and is incredibly decorative with a size of 38x52cm. Whether as a bedside lamp in the bedroom, on a chest of drawers or on a small side table in the living room, the lamp is also a real eye-catcher during the day. The colour combination of black and gold is also absolutely on trend and makes the light and its surroundings appear elegant and modern. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
